A Special Note to Our Hornets

As the end of the school year and finals week approaches, please remember to take care of yourself and study hard for finals! Always remember that your grades do not define you and are never worth sacrificing your well-being for. It has been an honor and a privilege serving you the past year. I have learned so much and have made life-long connections within the College of NSM and ASI. I look forward to continuing to serve you through other avenues on campus!

Internal Committee Updates:

Wellness, Safety and Sexual Assault Awareness

We had a table at the Out of the Darkness Walk and did fundraising + awareness efforts for it. Had a meeting to debrief and discuss goals for next year! I was unable to attend this meeting due to prior commitments.

Have been working to add a student-parent scholarship to ASI scholarships as a more feasible way to help student parents. Also working towards giving the remainder of strategic priority money to improving the current space by getting new furniture.

Funded prizes and had an ASI table at the event. Prizes consisted of the budget planner and budgeting folders as well as sac state merch.

3.1.2 Promote board activities

Promoted board activities by tabling and posting on positional Instagram accounts.

3.1.3 Table at campus events

4.2.1 Promote and advocate for the enhancement of campus partners safety programs and campus emergency programs.

Myself and a few other board members met with Gary Rosenblum to discuss how ASI can support them in increasing pedestrian safety. We had a self-defense event hosted in the Well and open to all students. The event was a success and we had positive student feedback from it.
