Message to the Hornet Family

Hello Hornets!

It has been both a pleasure and a challenging experience in my role. I have tried my best to advocate for each graduate program and population, and I am happy to say that we have been seeing some results. Each graduate issue I have learnt about this year, I have duly presented it and advocated for it. But sometimes solving problems in higher education is not from A to B, there are multiple hurdles, multiple people who you have to talk to , to be heard. Sometimes, nobody wants to hear the problems of the folk, and only want to hear the good news. But as voice of students, you must be willing to face the audience and take in all the retaliation, the brickbats and hate. But I would like to say that I did my best and as I said 'No one left behind', I have spoke for every little guy out there.

Strategic Priority Updates
