A Special Note to Our Hornets

Hello fellow Hornets!

We are coming to the last threshold of the semester! This semester has been tough, but I do hope you finish strong! If you are struggling in your class, then please let your professors know. They are quite understanding and many will try to accommodate your needs. Please also reach out to the Student Health and Counseling for their services! I will leave the link to their website below.

<https://www.csus.edu/student-life/health-counseling/>

Also, Make sure to take care of your health. Many health officials are stating that winter will be when the pandemic will be at its worst. Sacramento State is currently administering flu shots.

Have a wonderful Thanksgiving! Take time to reflect on what you are thankful for. Stay warm & Stay healthy!

Internal Committee Updates
