A Special Note to Our Hornets

Congratulations everybody!

We are nearly done with our last full month of the semester and halfway through our third-last week of classes before finals exams. The month of April has been extraordinary with the number of events and celebrations we have seen, alongside seeing students getting together to enjoy their time before investing a lot more time into their studies. I'd like to wish you all the best of luck with finals and make the most of the time you have left here!

With best regards,
Francisco

Residence Hall Association

During the month of April, RHA has seen a rather calmer atmosphere as obligations slowly begin to wrap up and our preparations for our final events have been running smoothly. From participating in the Women of Influence Awards to helping table for the ASI 65th Anniversary Celebration, to finally holding our Executive Board elections yesterday, this month has been a standout as we conclude the academic year on a positive note. This upcoming Tuesday, the new RHA Executive Board will be sworn-in at our banquet night as we will be getting the new team adjusted to their positions, alongside setting goals and expectations for them to meet. Our final event for the Spring 2022 term will be a pool party that'll include catering for barbecue on May 4th from 5:30 PM to 7:30 PM behind Draper Hall, so please attend if you can!

Soon, our committees will be reaching their conclusions, and our banquet this Tuesday will be our last RHA meeting of the 2021-2022 academic year. The hall councils are preparing for their

final events as well to give the residents one last morale booster before moving out of the dorms and finals become everyone's main area of focus. Care packages will likely be going out soon from parents who wish to give their kid a bit of motivation in time for finals. It has been an honor serving in RHA and being able to work with ASI in some capacity. I'd like to thank everyone for all they've done for the campus community and the time dedicated to making others better off than before.

Internal Committee Updates

- *Housing Marketing & Web Committee* – The final draft for our housing guides has been submitted to our vendor for printing. Advertisements will be added onto the guides, and so we will soon receive a final draft of what the guide will look like with advertisements attached to it.

University Committee Updates

- *Faculty Senate* – The most notable of events this month in the Faculty Senate include an active restructuring proposal for the Department of Kinesiology and amending of English-Writing requirements for undergraduates. The senate also saw a reading of the ASI resolution in support of AB 1232, information items on the Occupational Health Policy, Transportation of Sick or Injured Individuals, and on the Camous Safety & Environmental Health Policy. Presentations included an update on transfer credit evaluations by Dr. Ed Mills, and an update on safety measures associated with parking at night by Chief of Police Chet Madison.

Office Hours

- RHA agendas and PowerPoints for the meetings of 4/4, 4/12, 4/19 and 4/26 have been drafted during Wednesday office hours prior to the meeting of the succeeding week.

Meetings, Events, & Presentations
