A Special Note to Our Hornets

Hello everyone! It's bittersweet writing my last board report with ASI. I have learned so much about what it takes to be a student leader and to create change for students on a larger scale. I never thought I would be in this sort of position, but am so glad I took a chance and applied. I hope to translate some of the skills I've learned in ASI to my future career, as I am graduating in a couple of weeks with my Master's! Even though it was strange at times with being virtual due to COVID and with all of the changes on a University level regarding the Pandemic, we made it through, y'all. I couldn't be more thankful to have met such an amazing group of student leaders who are driven and determined to make positive change in our community and beyond. Also a HUGE congrats to the new ASI Board of Directors!!
