A Special Note to Our Hornets

Hey Hornets,

I hope you're doing well with the semester coming to a halfway point. I have been overcome with gratitude to be in the position to advocate for all of you students. Being a student is difficult, but it's important to take a moment to appreciate all the things you've done up to this point. Keep

moving forward and remember that the challenges we face as students will shape and mold us to be better and stronger on the other side. Seek help when you need it and know that I can help you navigate our campus/ college if you need me.

For helpful resources follow me on Instagram and keep an eye out for my weekly update via the College of Business Listserv.

Cheers,
A.Z.

Strategic Priority Updates

I have signed up to four strategic priorities this semester.

They are: *1.2.1 Collaborate with Alumni Center/ Association and other campus partners on speed networking event for students*

1.3.1 Explore the opportunity to provide a matching Student Entrepreneur Growth Grant (SEGG)
Legislation has been passed and the monies from our strategic priority fund have been allocated. Now, we have to focus on finding a student to sit on the panel to grade applications and creating the application + the rubric.

2.2.2 Explore placing a permanent link on Portal (My Sac State) for basic needs

We have met with all members on priority to set a meeting with IT

Our team was able to get this done! Presentation completed and the IT department will be implementing this change.
