**Introduction**

*Hello Hornets!*

*I hope that you had a smooth adjustment to the weather changing. I want you all to stay safe and keep in mind that getting somewhere late is better than not arriving at all, ASI has a Safe Rides program which can reimburse you for Ubers and smog checks! Ensure you are prioritizing your mental health during this time, it is the end of the semester, and the weather is getting gloomy, it is okay to not be okay, The Well at Sac State has lots of support systems for all students.*

*You're the best,  
Juliette Lopez*

**College Updates**

*I had my meeting with Dean Coget and Director Bonnie Beevers where we discussed an international students' concern about internships, and they helped me navigate that student's concerns. The College of Business continues to work on bettering the college and ensuring students remain the number one priority.*
