Introduction

Hello Hornets!

Welcome back and happy new year!! I hope you are all taking this spring semester head on. Remember the importance of balance and taking time away from your work to focus on your social life and supporting your support system. Doing things with intention tends to be more fulfilling and self-preserving than rushing to cross tasks off a list. Word of advice, don't be afraid to ask questions and go to your professor's office hours. As always, if you ever need any College of Business support, I am only one email away! Remember that "you are what you love".

*Wishing you all the best this semester,
Juliette Lopez*

College Updates

The Office of Student Engagement within the College of Business hosted the annual Biz Fling event on February 3^d. Most business clubs tabled at the Biz Fling lots of business students showed up and were able to talk to lots of clubs as well as meet myself. Stinger Expo also happened February 10^h in the University Union Ballroom.

Committee Updates

Finance and Budget Committee – Getting prepared to present entire ASCSUS 2026-2027 budget. Presentations from every ASI department are scheduled and voting will take place later in the semester; I am hopeful for this committee.

ASI Food Pantry Council – Presented on forecasts and community partnerships. Was unable to attend live meeting but reviewed updates and materials (including the meeting transcript) distributed after the meeting. Feedback for the ASI Food Pantry is due February 27th.

Business Advisory Council – Employers from various industries gave feedback on Sac State’s College of Business curriculum. Highlighted what they see as patterns for Sac State COB graduates. Also gained feedback on the integration of artificial intelligence in different sectors.

Student Fee Advisory Committee – Was unable to attend meeting live but made sure to review materials distributed afterwards.

Community Engagement Center Advisory Committee – Was unable to attend meeting live but made sure to review materials distributed afterwards.

Strategic Priority Updates

Our Strategic Priorities were reviewed at our Mid-year retreat on January 21st. We have been working on all our strategic priorities and have made tangible progress. I look forward to completing on these priorities throughout the rest of the semester.

I mainly want to highlight the SEED Grant which falls under Strategic Priority 1.1.2. We received a record number of applications and gave each application diligence and care when reviewing so it took time but we will hopefully be reaching out to our interviewees soon.
