Introduction

Hello Hornets!

Welcome back from spring break. I hope that it was restful, and you took some time for self-care. March was a busy month and the weather was unpredictable but some great strides were made for student advocacy. It is easy to get in a slump during this time, but I believe in you all, finish strong!

*Wish you all the best,
Juliette Lopez*

College Updates

The College of Business has been busy (pun intended) ensuring students finish strong and hosted Meet the Dean where students that made the COB Dean's Honors List had the opportunity to meet and take a picture with Dean JF Coget. The Office of Student Engagement also has been working hard to support business students, during midterms week they hosted events where students could get free food and handed out goodie bags specifically for first-gen business students.

News

Artificial Intelligence and the future of AI has taken up a lot of my conversations with COB leadership. A resource that the COB has for AI is the Google Career Certificates which can be found

on the OSE Website, they have multiple classes on the topic of AI, certificates can be added to your LinkedIn portfolio.

Committee Updates

Finance and Budget Committee – Voted on a budget!! After a long semester and lots of conversation, the Finance and Budget Committee was able to agree upon a budget and now it is pending approval from the ASI Board.

Student Academic Senate – Met with Faculty Senate Chair Carolyn Gibbs, discussed at lengths about AI, budget, enrollment, and the experiences of graduate students.

Strategic Priority Updates

Our Strategic Priorities were reviewed at our Mid-year retreat on January 17th. We have been working diligently on all our strategic priorities. I look forward to wrapping them all up!

2.2.1 Promoted and Co-Hosted “Rethink your Drink” with CalFresh Healthy Living

2.2.3 Promoted Peer Health Educator Programs via positional Instagram
