A Special Note to Our Hornets

Greetings Hornet Hive,

I am honored to serve as your ASI Executive Vice President for the 2025–2026 academic year. As EVP, my unwavering commitment is to ensure that the student voice is heard in every corner of campus governance, while fostering a culture of accountability, inclusion, and empowerment.

This semester, we've already seen incredible momentum, from hosting community-building events like the Hornet Football Watch Parties and Phlagleblast to launching new ASI committees that give more students a seat at the table. These include the Greek Life Committee and International Students Committee, which have already made significant strides in their respective areas. In addition, I am actively collaborating with student organizations and campus partners to elevate the voices of students with disabilities and to ensure that issues of accessibility and justice remain a visible part of our work.

My goal is simple: to be the hand younger Richard needed, and to ensure every Hornet knows they belong here and have the tools to thrive. I encourage you to connect with me through our open communication channels, including Instagram, email, or in person during office hours. Your feedback and ideas are always welcome.

Let's continue to build our Hive together — strong, united, and proud.

Richard Angulo  
ASI Executive Vice President

In Service to the Hive,  
Richard Angulo  
ASI Executive Vice President

### **Internal Committee Updates**

#### ***Greek Life Committee***

- Established to strengthen collaboration between ASI and Greek Life councils.
- Council presidents are finalizing representatives.
- First meeting scheduled for September 22, 2025.

#### ***International Students Committee***

- Created to ensure international student perspectives are included in ASI decision-making.
- Working with International Programs & Global Engagement to develop agenda topics.
- First meeting scheduled for September 22, 2025.

### **University Committee Updates**

#### ***Vice President of Student Engagement & Membership (VPSEM) Search Committee***

- Represented the student voice as the ASI Executive Vice President on the search committee.
- Participated in candidate interviews and committee deliberations to ensure student perspectives were included in the decision-making process.

### **Strategic Priority Updates**

- Launched the Accountability & Support Plan (ASP) as a flagship initiative of my term as EVP. ASP has fundamentally reshaped my role by combining accountability with mentorship to ensure Board members are both supported and responsible in their duties.

Richard Angulo  
ASI Executive Vice President

- ASP establishes clear expectations for performance while providing Directors with tools, guidance, and one-on-one support to succeed in representing the student body.
- Worked with the ASI President and Board to integrate ASP into the broader Strategic Priorities legislation, preparing for the September 10, 2025 vote.
- By centering ASP in our Board culture, we are building a foundation of transparency, collaboration, and shared responsibility that strengthens the student voice across campus.

#### **CSSA Updates**

- July 18–20 — Attended CSSA at CSU Long Beach.
- Aug 15–16 — Attended CSSA at CSU Fullerton.
- Represented Sac State at statewide discussions on accountability, accessibility, and inclusion in student governance.
- Elected to serve on the Student Trustee Search Committee, representing Sac State and ensuring our students' perspectives were included in the selection process for one of the CSU's most important leadership roles.
- Built collaborative relationships with peers across the CSU system to strengthen ASI's role in CSSA.
