A Special Note to Our Hornets

Hi Hornets!

As finals season approaches, I want to take a moment to wish each of you the very best on your exams and final projects. You've worked hard this semester, and I hope you're able to finish strong. With Thanksgiving coming up, I also hope you get some well-deserved rest and time to recharge.

I'm genuinely thankful for each of you and proud to represent you all. Keep pushing forward, you're almost there!

With love,
G.C.G. EVP

Internal Committee Updates

ASI Green Team

10/21/2024 –4th Meeting of this Semester

The committee continued to work with UTAPS to explore carpool incentives, led by Jeff Dierking. The committee responded to Jeff by requesting information on the number of carpool permits issued. It is looking into ways that ASI can support a reimbursement program, possibly by expanding the Safe Rides initiative to include a qualifying category for carpool permits. Additionally, the committee is exploring the use of the alternative transportation fund to support these efforts. Furthermore, the committee is working on promoting carpool permits to encourage more students to participate and take advantage of the available incentives.

ASI Student Social Justice and Equity Council

10/21/2024 –4th Meeting of this Semester

The committee examined the gaps in DOC funding for clubs and discussed ways to reform scholarships to better support students. They also planned to evaluate the survey findings, but since there have been no survey results so far, the committee has been spending time sending and drafting emails related to the surveys. These efforts aim to identify funding needs and improve scholarship programs while ensuring effective communication and data collection for future evaluations.

ASI Student Marketing and Outreach

10/21/2024 –4th Meeting of this Semester

During the meeting, the committee continued planning how to promote the food pantry. They assigned specific tasks for making a promotional video and set a timeline to complete it. The group also discussed changing the structure of the SMO committee in the future and thought about choosing a new chair from the full-time employees. New roles were created for students, including treasurer, secretary, and vice chair, to get more students involved in leadership. Additionally, they talked about logistics with Ryan, such as connecting with Jennifer Campbell, creating a standard list of food pantry items to help plan recipes, and figuring out when certain foods will be available at the pantry each day. These efforts are aimed at making the food pantry run smoothly and successfully promoting it.

University Committee Updates

Student Fee Advisory Committee

The meeting was scheduled for November 1st, but not enough committee members were able to attend. The meeting was rescheduled.
