CAMPAIGNING

All candidates are encouraged to attend every optional event if possible. Each optional event offers candidates the opportunity to campaign to students who are actively interested in the election.

Campaigning Time Period and Regulations:

After receiving your notification of eligibility, you may begin campaigning at 7am on March 22nd. You can find details of where campaigning is allowed and prohibited in Article V of the ASI Election Code. You should be sure to read the Residential Hall Political Canvassing Policy, the Union WELL Inc. Posting Policy, and the Time, Place and Manner Restrictions on Speech-Related Activities, which can be found on the ASI website. It is vitally important that you review these requirements, to prevent the violation of a campus policy.

Creating Campaign Materials (optional):

You are not required to spend money on your campaign, nor does a successful campaign necessarily require you to spend money.

- Independent Candidates will be limited to spending \$350 for all campaign materials, and expenses for Presidential Tickets will be limited to \$500.
- ASI offers 10 Elections Grants of up to \$125 each to help candidates fund their campaign. The application can be found within both the Presidential Ticket and Independent Candidate applications.
- Be sure to save all of your receipts and keep track of your campaign expenditures.
- If you choose to create campaign materials, think ahead to void rush ordering, excess costs, and excess stress.
- ASI highly recommends candidates use free online design tools such as Canva.com to design campaign materials such as flyers, buttons, posters, boards, and social media posts.
- If you choose to create a 4x4 board, try to be creative with the materials you use. Boards can be made out of PVC pipes, wood, vinyl, etc.

Campaign at Club Meetings/Receive Endorsements (optional):

It is highly recommended that you attempt to campaign at club meetings. You should contact them before-hand and ask to briefly speak to their club about your platform. Following your presentation, we recommended speaking with their president to find out if they would consider endorsing you as a

candidate. If they agree to do so, the club President must fill out a Letter of Endorsement and the candidate must turn in a wet signed Candidate Endorsement Letter on behalf of their endorser to the ASI Government Office no later than Friday, April 5, 12:00pm.

•Club presidents can find the blank Letter of Endorsement here:

Campaign on Campus (optional):

A vital component of your campaign is to promote your platform through your own initiative on campus. It is highly encouraged that candidates talk to students around campus or use social media in attempts to gain support. Meeting with the student body you hope to represent is one of the best ways to draw support and encourage students to vote.

ASI Student Government Candidate Forums (optional):

ASI will be hosting two Executive Candidate Forums throughout the campaigning period for Executive position candidates to present their platform to the student body. During the Forum candidates will be prompted to answer a series of questions and discuss campus-wide issues with others running for your same position. Candidates will be invited to attend an Executive Candidate Forum depending on which position they are running for.
