Nataly Andrade-Dominguez & Veronica Boulos

Hi Hornets! Our names are Nataly Andrade-Dominguez and Veronica Boulos and we're running for ASI President and Executive Vice President. As two underrepresented women of color, we understand the academic obstacles in our institutions that prevent us from succeeding. As first-generation students, we have experienced, firsthand, the struggles of navigating a system without guidance. Throughout our time here at Sac State, we've been involved in many different aspects of the campus as students and as members of the ASI Board of Directors. We both stepped foot on campus with a passion for student issues and a dedication to resolving those issues. Experiences like these are part of the many reasons why we started our journey with ASI through committees. We joined many committees like Student Academic Senate, Lobby Corps, City Ambassadors, Wellness, Safety and Sexual Assault, and more. We continued our dedication to serving the student body and advocating for student needs by running for office. After running our individual campaigns, we served as the Vice President of Academic Affairs (Nataly) and Director of Social Science and Interdisciplinary Studies (Veronica). Collectively, we've worked on issues relating to mental health, basic needs, diversity & inclusion, campus safety, and academic issues. We've advocated for higher education issues on a campus level by writing legislation and on a CSU level through our California State Student Association. I, Nataly, have passed legislation on bills that created an easier pathway for transfer students seeking admission to the CSU and UC system. While also advocating for basic needs by working with administration to ensure basic needs resources are adequately resourced for the student population. I, Veronica, have authored multiple pieces of legislation with a focus on inclusivity. As a middle eastern woman, I wrote resolutions in support of the Iranian community during the protests and Prop 1 to add reproductive rights to the California Constitution. Through our years of experience in advocacy, student government, and connections with administration, faculty, and staff, we have seen firsthand the issues that students are facing and the barriers that are blocking students from pursuing their education. Working hand in hand with administration and faculty has familiarized us with the proper pathways to resolve these issues. We are committed to ensuring that the student voice is heard. We want to bridge the equity gap between the students, faculty, and administration. Most importantly, we have a shared mission to serve the students at Sac State with our experience as students and ASI Board Members. Through our experience on the board, we've started the conversations and the push for safety, mental health, and diversity on campus. We would continue to address these issues through the President and Executive VP positions next year. All while ensuring that the student voice is being considered every step of the way. We have the experience to lead, the passion to advocate, and the dedication to serve.

Emilie Jocson & Bashaar Allathkani

Our names are Emilie Jocson and Bashaar Allathkani and we are running for President and Executive Vice President. Since 2019, I have been an active community organizer and youth advocate in my local community in the Philippines, as well as on the national level by pushing for gender equality, environmental protection, and human rights throughout the country. At Sac State, I've continued advocating for LGBTQI+ rights by volunteering for events at the Pride Center such as Pride Fair 2022. Through my experiences as an international student on campus, I've come to appreciate the diversity of the campus population and the importance of feeling of belonging in a community. Especially for those who consider campus as their second home, I want to make sure that each student is not only well-equipped to navigate campus but to also navigate their career. My first step as President to make sure that all transfer, first-year and international students are directed to the resources on campus. Garima Sharma

My name is Garima Sharma, and I am running for the position of Vice President of Finance for our student government. As a student who has been involved in student government before, served on several committees, and is actively involved in various clubs on campus, I understand the importance of effective financial management and transparency in the student government.

If elected, my primary goal is to work with the student government and university administration to create a more user-friendly and efficient reimbursement process that meets the needs of all clubs on campus. I know firsthand how frustrating and time-consuming it can be for clubs to navigate the reimbursement process, and I want to work towards streamlining it.

I also recognize that different clubs have different financial needs, and I want to increase the flexibility of the documentation required for reimbursement. Additionally, I plan to investigate the possibility of providing prepaid cards or pro-cards to clubs for certain expenses. This would reduce the burden on clubs to pay for expenses out of pocket and wait for reimbursement.

Finally, I am committed to creating a more accessible breakdown of expenditures for all Sac State students. I believe that students have the right to know how their money is being spent.

I am excited about the possibility of serving our student community and making a positive impact on campus. I am counting on your vote for GARIMA SHARMA as the Vice President Of Finance.

Hello, Hornets! My name is Christian Hunter a third-year history major. I am running for the position of Arts and Letters. The past year we have seen a failure in leadership both by the administration and the student leadership on our campus. Leaders who were complacent in covering up sexual assault within our community and failing to stand up for us time and time again.

Nadia Lobo

My name is Nadia Lobo and I am running for the Director of Health and Human Services (HHS). Coming to Sacramento State I got absorbed in my classes but slowly started to see what else our school had to offer. I noticed that there were many opportunities for those in the HHS college. Those opportunities are not always easily accessible or visible to all students. If elected I would amplify the visibility of all opportunities in the HHS college. I will be a strong voice on the ASI Board of Directors that will work for the Students of HHS. These spaces can be intimidating to students and I will bring approachability and inclusivity with me to the Board of Directors. Hosting regular office hours but also go beyond expectations by outreaching to students and making them aware that I am available and accessible, I am here to support the students and clubs of HHS. Clubs are an important part of our college. Making sure our college continues to have a strong Joint Council in order to support all of our current clubs and assist in the creation of new clubs on campus is critical. My goal is to work for you and make sure all students in the HHS college have a fun and fruitful experience. I will amplify visibility of opportunities, maintain and strengthen our HHS clubs, and be a thoughtful listener with open ears and a powerful voice for you on the ASI Board of Directors. I respectfully ask for your vote for Health and Human Services Director. Let's do this together, for the health of it!

My name is Nikita Akhumov and I am running to be your Director of Social Sciences and Interdisciplinary Studies! I believe I can create meaningful change as your next Director by centering student voices as the basis for our college's decision-making, being open and inclusive to all student input, and striving for equitable and empathetic leadership on campus. As Chair of the College Democrat's Campus Action Committee, I saw firsthand how the diversity of our University makes Sacramento State a truly great community. It's critically important to fight for an equitable environment at Sac State by persistently advocating for all of the diverse perspectives on campus, to ensure no student ever feels left behind. I've seen the courage and passion we bring to the table when we unite our voices in advocacy for each other; as an organizer of the Student March Against Sexual Assault, I was inspired by the solidarity our Sac State community showed with survivors, and our determination to end sexual assault on campus. As a working student from a low-income background, I saw the importance of including the food pantry on class syllabuses and fought in the Faculty & Student Academic Senates to spread awareness about this vital resource. Experiences like this are what made me realize the importance of student involvement in campus policymaking. Issues faced by students go unresolved because their experiences aren't fully represented in decision-making. I will strive to make sure your experiences are represented as your next director.

Isabella Jimenez

Hello, my name is Isabella Jimenez. I am a 3rd year here at Sac State and I am running for the Social Sciences and Interdisciplinary Studies Director. In my experience of being a student of the Social Sciences department and delving into my studies, I have learned how important it is to receive proper representation. Representation dedicated towards ensuring that your career as a student will have all its needs met as well as a safe environment that will be adequately maintained. This past year I have joined the Legislative action committee and we are currently advocating for the push of 5 different legislative bills. I have also been occupied with coaching children during their developmental ages. I have worked as a gymnastics coach for over a year now, and being exposed to kids for several hours a day has made me realize the importance of being the best we can be. At our best, we create the best environment for our next generations and ourselves. I can assure you I will be dedicated towards sustaining an environment where students will receive generous investment with the intent of supplementing personal development. This general investment will be executed by proper legislative enactments and as a guide for students as they go through the hurdles of education. I will act as a helping hand through representation and as a personal guide for students in need of support. On April 12th and 13th, I would be honored to receive your vote, and in doing so will represent you the best you possibly could be.

Lets Be the Best

Lillian Weese

Hello my name is Lillian Weese and I am a California Native from the Wukchumni tribe. I am running for Director of Social Sciences & Interdisciplinary Studies as a Political Science major. I have worked closely with the Ensuring Native Indian Traditions club, also known as ENIT. I have a strong passion for Ethnic Studies due to my strong belief in self identity. I am a strong believer in self advocacy, and am currently working along side ENIT on planning an event for this spring focusing on that. I would like to get to know the different majors within SSIS and help with their needs as well. What I love about this school is the sense of community and I want to strengthen that. I want people to feel comfortable and confident reaching out for help from both student help and faculty.

Hisham Hussain

Hello Fellow Hornets! My name is Hisham Hussain and I am running for Director of Graduate Studies. I am a Masters In Computer Science student here at Sac State. As a graduate student, I stand before you today as someone who has walked in your shoes, someone who understands the unique struggles that come with pursuing a graduate degree. I know what it feels like to struggle to register for classes and get institution's support.

I have deep compassion and respect for the sacrifice for a higher education & I am committed to advocating for student community.

This year I was a part of the CSSA, & I have advocated for various bills at the Capitol at Senator Niello's office as a team.

We have discussed legislation such as Student Debt Relief, bill to prevent registration holds if students owe debt to University, bill to prevent scholarships to be considered as income, expand access of Food Assistance & bill to allow CSU to offer PhDs.

I believe we have a common goal, better conditions for students. I will work to ensure that student voices are heard & that our concerns are represented at all levels of the university. I want everyone to have a seat at the table.

This is about us, what we can do together to set policies in a way that serves students better. I ask for your trust and support to negotiate, fight and work on your behalf.

So I ask you today, to stand with me, to work with me, and to fight alongside me. Let's make Sac State a place where students thrive, a place where you can pursue your dreams and reach fullest potential.
