We, Djuan and Karena, are excited to announce that we are running for President and Executive Vice President of ASI for the 2025-2026 school year.

We believe in uplifting and supporting students to their fullest potential. As active members of ASI, serving on multiple committees and as the current Arts and Letters Director, we have witnessed firsthand the incredible ways ASI and Sac State can transform lives while also identifying ways to strengthen our community.

Leadership means showing up, not just in presence but in action. If elected, we promise to show up for you– the students, this organization, and for the school.

As President and Executive Vice President, we will lead by example. Our focus will be on expanding professional development opportunities, streamlining transparency of resources, and fighting for the diverse communities that reside on our campus.

NAMRATA CHOUDHARY & AKHIL RAJ

Our fellow Hornets,

We know what it's like to struggle with rising costs and to feel like student voices are ignored. We have seen the consequences of inaction and the damage it has done to our student body. We are students who have been directly affected by increasing fees and the divisive actions taken by student leaders over the past year. However, we have led a movement dedicated to protecting the most vulnerable communities on our campus. As board members of the Sunrise Movement, we have worked to support students' mental health and advocated for undocumented students by pushing to end the discriminatory Social Security rule for Associated Students, Inc. recall elections. Akhil, a student senator, has fought to put money back in students' pockets securing textbook refunds as an ASI Student Senator and standing up for undocumented students. As the COO of College Democrats, he has also been a dedicated civil rights activist, fighting for the LGBTQIA+ community. We're not here to play politics we're here to fight for you. We are One family. One Hive. And together, we shall strive!

ARANJOT KAUR & RICHARD ANGULO

Greetings Hornet Hive,

We, Aranjot Kaur and Richard Angulo, have the privilege of announcing our candidacy for President and Executive Vice President of ASI.

Our journey as a team began at the Fall 2023 Sac Start-Up Challenge at the Carlsen Center, where we collaborated, refined ideas, and discovered our shared passion for creating opportunities, fostering engagement, and advocating for students.

Through this experience, our entrepreneurial mindset has empowered us to look for a silver lining in every circumstance, in and out of the classroom. Though our roots have spanned different parts of the world, our shared passion for leadership, innovation, and creating new opportunities has brought us together.

I, Aranjot Kaur, have always believed in turning my visions into reality by identifying and deploying resources. My enthusiasm and advocacy for better opportunities helped bridge the gap between Mixed Martial Arts and academic success. However, navigating this endeavor from my home in India presented what seemed to be an insurmountable obstacle. Before even stepping on campus, I worked on ideas to make a difference, a vision coupled with the mantra, “Don’t give me a no; give me a pathway to a yes.” That persistence led to CombatU, the first-of-its-kind program at Sac State. This exemplifies my commitment to leadership, innovation, and creating new opportunities, which will funnel into strategies that tackle issues facing our students and how the ASI Student Government can help alleviate those circumstances.

As an ambassador for CombatU and the “Way of the Hornet” campaign, I have proudly

represented Sac State to regional and international stakeholders while contributing to our local Hornet Community. Serving as the President of CombatU MMA and Jiu-Jitsu clubs has allowed me to build community, foster campus involvement, and empower students to follow their passion.

I, Richard Angulo, am driven to bridge business acumen with civic engagement for meaningful changes. This has led me to many opportunities to reshape what service, leadership, and commitment to ensuring students have the necessary resources to succeed meant to me. Working with California Volunteers and being appointed as an Ambassador for Sacramento State College Corps strengthened my passion for public service and student advocacy. Just as College Corps connected students with service opportunities, ASI has the power to shape policies that directly impact student life.

I am a hard-of-hearing student who utilizes the Disability Access Center (DAC) to ensure equal access to education. I was a Resident Assistant at Hornet Commons, ensuring students had a safe and supportive living environment. I am part of the Sac State Rowing Club, an alumnus of Delta Lambda Phi, and a former staff member at the Pride Center, where I helped foster inclusivity on campus. As a Marketing and Outreach Specialist at Sacramento State College Corps, I connected students with opportunities to reduce their college debt while giving back to their community.

We have been “sparring” in our collegiate endeavors, but now we are ready to perform our best at the center stage of the ASI Student Government. Through ASI, we will advocate for increased scholarships, enhanced campus safety, and better student engagement with resources. We are here to serve, listen, and act. Your voice, your ideas, your concerns- they all matter. With your vote, we can create an inclusive, engaged, and empowered campus community where every Hornet can find their home at the Hive.

Join Us—Vote on April 16 and 17. We are running for you, with you.

“Fight for the Hive!”

Sincerely,
Aranjot Kaur and Richard Angulo

discrimination, sexual harassment, mental health, and financial hardships. With that being said, we are committed to serving as the representative of YOUR VOICE at regional, state, and national levels.

Our priority is to ensure that YOUR VOICE IS HEARD. We will ensure the student government gives the best to provide the right resources based on our community's needs and to address concerns that affect the safety of students, faculty, and staff. ARMANDO JULIAN PEREZ & CHAAYA VIKASH

Fellow Hornets, We, Armando J. Perez and Chaaya Vikash, are privileged to stand as candidates for the positions of ASI President and Executive Vice President. As veteran advocates, leaders, and runners among students, we are dedicated to building ASI into a stronger, more transparent, and student-centered organization. We want to make student government work for you, with you, and through you. I, Armando, am a first-generation Mexican American student and child of an immigrant parent. I have direct understanding of the difficulties of navigating college without prior assistance, and I am dedicated to making sure that every student has the services and resources they require to be successful. I, Chaaya, am a first-generation Indian Pacific Islander student who was raised by immigrant parents. I recognize the special issues inherent in working in the higher education environment, and I am committed to making college life more inclusive, supportive, and accessible for all students. Through my work as Director of Undeclared Students and former CSSA Liaison for ASI, I have endeavored to make student concerns heard at both the campus and systemwide levels. I, Chaaya, as Lobby Corps Chair and Legislative Affairs Coordinator, have represented the interests of students in integral decision-making areas, fighting for policy initiatives and changes that directly affect the Hornet community. We have seen firsthand how effective student leadership can be, and our goal is simple: to improve student life, make student voices heard, and maintain transparency and accountability within the Associated Students Inc. and Sacramento State. HornetPRIDE is at the core of our campaign and represents a dedication to creating an active, educated, and prosperous student body. Enhancing student life, empowering student voices, and ensuring transparency and accountability within ASI and the university are our top priorities. Life in college is not all about academics! It is about memories, building relationships, and creating opportunities. Each student must be represented, and we will advocate for students, for policies that will include all students, and ensure that ASI is a responsible student government. Transparency and accountability are its foundations; therefore, we will attempt to create those channels for communication, give updates on initiatives monthly

by the creation of an ASI Monthly Newsletter and hold ASI accountable to those whom we represent. Actual change happens through collaboration among students, staff, and administration. Therefore, we will create avenues for student input, build connections with student groups, and ensure that these issues lead to meaningful change. We are running because we believe in the power of student leadership and the impact of our voice together. Our experience, passion, and dedication drive us to make ASI work for every student. Let's move forward with HornetPRIDE and build a campus where every student feels connected, heard, and empowered.

VICE PRESIDENT OF FINANCE

(1 CANDIDATE)

SERGIO ANTONIO MACIEL MONTOYA

Hello, my name is Sergio Antonio Maciel Montoya, and I am running for Vice President of Finance. (VPF)

Over the past year, I've served in the College Corps, where I developed a strong sense of serving local and supporting community needs. Additionally, my work with ASI Student Engagement and Outreach has focused on creating an inclusive environment where incoming and current students feel like they are genuinely part of the hive. My experience in Student Academic Affairs has given me insight into the struggles faced by both students and faculty, allowing me to advocate for marginalized individuals and ensure that all voices are heard and represented in key decisions.

Beyond campus, I've had the opportunity to work with non-profits during a financial downturn, helping make decisive choices to maintain programs, facilities, and swimmer support while also preserving scholarships for low-income individuals. I also strengthened fundraising efforts by expanding the partnership with the City of Roseville, creating a foundation of community support that sustained the non-profit's and my city's mission of providing exceptional experiences.

If elected, I will bring this experience to my role as Vice President for Finance by ensuring we manage the university's financial resources effectively. A key part of this role is understanding the budgeting process and ensuring funds are allocated to areas that directly support student success. I will work to create a transparent, well-planned budget that prioritizes scholarships, enhances student life, and builds lasting partnerships.

Now, more than ever, students need financial support, a stable environment, and future opportunities that their college will offer them when they come to our Hive. With your vote on

April 16 and 17, together, we can be “The + in the Hive” and ensure a thriving campus and a brighter future for all students.

Be the + in the hive

JENN GALINATO

Mabuhay Hornets! My name is Jenn Galinato, and I am excited to run for re-election as your Vice President of Academic Affairs for the 2025–2026 academic year. Serving as your current VPAA has been an incredible opportunity to advocate for the academic needs of Sacramento State’s 31,500 students through innovative strategies and meaningful legislative efforts. I’ve worked closely with the Division of Academic Affairs, Faculty Senate, and campus stakeholders to ensure student voices remain central to decisions shaping our academic experience. Higher education is at a crossroads, facing challenges like rising tuition, shifting state and federal policies, and uncertainty caused by potential college mergers and the proposed 8% CSU budget cut. My key accomplishments include collaborating with the VPF to reinstate an internship program, co-authoring a resolution supporting Discovery Pathways, and advocating against budget cuts to protect the accessibility and equity of higher education. I am committed to legislative advocacy and mobilizing students to speak directly with legislators, ensuring our concerns are heard. If re-elected, I will continue to prioritize advocating for investment in higher education to safeguard affordability and opportunity, enhance the experiences of transfer and first-year students with tailored support services, strengthen enrollment and retention strategies, promote equitable graduation and transfer rates, and ensure students are educated about processes like the grade appeal process for confident academic navigation. By leveraging curriculum to celebrate Sac State’s diverse communities, we can strengthen the bonds between culture and academics. As your VPAA, I will keep the Board of Directors informed about concerns students are facing in their academic journey to drive impactful, student-centered decisions. IRIS PALENCIA

Hi, my name is Iris Palencia, and I am running for Vice President of Academic Affairs. Following my first year in Sacramento State I've come out with an understanding that Sac State Students are the epitome of diversity, resilience, and kindness. I have been able to meet and work alongside a variety of students who want to see our school progress and give back to our community within Sac State.

My time volunteering with ASI and participating in our schools events has given me the ability to see through the different perspectives of all students and the needs of students here at Sacramento State. I want to bring to light the idea that education should be available to anyone who wants to pursue it. And I vow to be a voice and helping hand and be able to guide our students through their Academic journeys.

Overall, my main goals are to be a voice for our students wants and needs. Actively encourage Sac State students to listen in on Board Meetings and ASI events. Create opportunities and action plans to improve academic performance and have a variety of workshops to provide students with any help they might need/require. But most importantly advocate for our rights as students.

On April 16-17, I ask for your time and support. I have confidence that I will hear what students need, and create even more impactful ways to lead to students to academic success. I will do this through my willingness to be dedicated, resilient, and have a strong voice for all students. Thank you and I hope to have your vote!

(1 CANDIDATE)***

JERRY KENNEDY

My name is Jerry Kennedy, and I am running for ASI Director of Arts and Letters. I am a first time/first generation college student, and I am living proof that it's never too late to achieve your college goals. I want to use my experience as a member of both the LGBTQ and disability communities to advance diversity, equity, and inclusion on our campus. As a student of both History and Anthropology, I make it my aim to practice anti-racism and intersectional feminism on a daily basis because I know the damage that occurs when those practices are missing.

My priority as Director of Arts and Letters will be to engage with, listen to, and represent the interests of all of the student constituents of the College. I am a proud transfer student, and during my time at American River College I had the privilege to serve as Director of Finance for the Associated Student Body and as President of the Phi Theta Kappa Honors Society. This past year, I have been fortunate to serve as President of the Phi Alpha Theta History Honors Society here at CSUS. These experiences have helped me to develop a collaborative leadership style, working with my peers and constituents to build something together that none of us could have accomplished on our own. At ARC that meant passing legislation that offered specific, measurable support to several marginalized groups on campus, and that is an experience I hope to duplicate at Sac State.

It is my sincere hope to meet you, to hear your concerns, and to earn your vote on April 16 and 17. Please reach out to me so that we can make time to chat. I want to hear what's on your mind!

As an international student who has actively participated as an orientation leader and served as the Secretary for the College of Engineering & Computer Science Joint Council, I understand the unique challenges and barriers that impact our academic journey.

Hello, my name is Ana Marisa Gonzalez, and I am running for the ASI Board Director of Health and Human Services. As a member of the Racial and Social Justice Committee, it has sparked my interest in student collaboration on campus. As a representative of a minority group, I have a personal value to ensure and promote that the diverse student voices are represented and valued.

Throughout my involvement, I've learned how to promote cultural competence and address student concerns by bridging the gap between the students and their representatives. As a potential board director my goals are to prioritize the needs of all our students, by making their voices heard and representing them in the student body to relieve their concerns. While informing the ASI Board to organize events that would not only highlight the strengths and values of each represented discipline, but also create more opportunities for interactions across the student population. ANTHONY LOPEZ

Hello! My name is Anthony Lopez and I am running for the position of Director of Health and Human Services to represent students on the Board of Directors of ASI. I had the privilege of being appointed as the Director towards the end of Fall 2024 and I'm committed to continuing the work I've started, ensuring the voices of HHS students remain at the forefront of our campus discussions. I firmly believe a representative of students should be someone who has faced the same challenges that those they represent have been in. Transferring from a community college where I had to work two jobs in order to make ends meet helped me understand my peers' needs and the issues they face because I've faced them as well. I want to be the representative that the students of HHS can talk to about campus issues and feel certain that their voices are heard.

One of the key projects I am working on as a current director is reinstating the HHS Joint Council in order to provide a platform for HHS clubs and students to collaborate and share their concerns. Empowering ALL our voices and ensuring that no one feels unheard will be one of my main priorities if elected. No student should ever feel that their voice is undervalued.

I ask you to consider supporting me on April 16th and 17th during our ASI Elections in order to continue working towards a better hive. Through my involvement on campus in Greek life, committees, and events, I stay motivated to make Sac State a more inclusive and supportive campus for everyone

Gracias,
-Anthony Lopez

"Empower STEM Minds"

I have always believed that every student in NSM deserves a campus where academic excellence meets personal well-being. As your NSM Director for 2024-2025, I've championed initiatives that bring this vision to life—from hosting dynamic events like Coffee with Commuters that spotlight mental health resources, to advocating for expanded research opportunities and vibrant career fairs. My goal has been clear: to remove barriers and create an environment where STEM minds thrive.

But there's still more to do, I am driven to make an even greater impact. I plan to further transform our community by:

- > Enhancing Mental Health Resources: Strengthening and expanding support systems so every student has access to real, effective mental health care.
- > Forging Strategic Collaborations: Working with innovative initiatives to eliminate financial hurdles and empower students with the tools they need to succeed.

My mission—to Empower STEM Minds—is more than a slogan. It's a commitment to build a future where every student is equipped to excel, overcome challenges, and drive change. I am excited about the possibilities that lie ahead and deeply honored to have the opportunity to continue serving you. Together, let's build a stronger, more inclusive NSM that not only nurtures talent but also paves the way for success in every aspect of life.

On April 16 & 17, your vote can drive real change. Re-elect Noor as Your NSM Director, and let's build a future where every STEM student thrives!

COLLIN HASKIN

As well as a Political Science major, I'm an Honor Student, Sac State Speech and Debater, and Sac State Marching Band bass guitar player. While I can list more hobbies, why I adore campus, and the future I see for campus, I want even more to focus on the people.

Change is happening on our campus, yet it often feels estranged from the populace's will. This leads to uncertainty throughout the student body. To overcome the uncertainty and regain representation accommodating for us individually and as a whole, we must join together to embark on a journey focusing on teamwork, growth, and, most importantly, community.

My name is Collin Haskin, and I'm striving to bring a strong sense of community to Sacramento State University through communicating our opinions, experiences, and goals for campus by:

- 1) Hosting Open Forums: a place to hold peaceful, open discussions on how as a representative I can ensure I know who I represent and what expectations you have for my elected position.
- 2) Becoming a link of communication, between ASI and the College of SSIS, expressing concerns, sharing goals, and nurturing a better sense of understanding between each other.
- 3) Delivering a campus that protects, defends, and empowers the educational ability of individuals.
- 4) Work towards providing opportunities for more guests to come to our campus and speak about their experiences furthering our critical understanding of the world, careers, and political environments we plan to participate in.
- 5) Continue to push for a diverse campus by protecting ethnic, queer, and gender equity and equality on our campus.

It is with these five goals I wish to represent us **THROUGH OUR VOICES!** It must be clear: I want to hear your voices and **CREATE THE CHANGE TOGETHER.**

I deeply look forward to your vote towards our position!

Thank you,

Collin Haskin.

I currently serve on the board of the Sac State Dems and I am committed to collaborating with other campus groups to create meaningful change. If elected, I will work to ensure that students are informed and involved in key decisions affecting our college. I will also focus on strengthening our campus community by fostering meaningful connections between students, faculty, and organizations. DIRECTOR OF UNDECLARED STUDENTS
(1 CANDIDATE)
BEAUTIFUL OKEIBUNOR

Hi Hornet Family! My name is Beautiful Okeibunor, and I am running for director of undeclared and expressed interest students. I am running with the drive and passion for student advocacy. Elevating student voices on campus has always been a huge personal goal.

My mother and I immigrated from Nigeria with very little and have succeed in building a life for ourselves, so I personally understand the stakes and challenges that undermine the goals of immigrant and low income communities. I have first hand experience in the internal conflict that many students face when choosing a path for their future. I believe the desire to succeed, the weight of family obligations, and the pull of our passions do not have to be separated, each one can act as a guide towards finding your calling through life.

As a first year student in Sac state, I have dedicated myself to be in service of fellow students on campus by being involved in campus organizations such as serving as vice chairman of the ASI social Justice and Equity Council as well as being a member of the Student Marketing and Outreach Committee, in which I aided in launching a publicity campaign for the ASI Food pantry.

Through my experiences, I have learned the importance of acknowledging the individuality of every Hornets path and the distinct support they may need to find, follow, and grow in their passion. I want to be a part of building a campus in which no Hornet has to feel afraid, unsure, or alone. You deserve a campus that invests in you, believes in your abilities, and supports you no matter the goal. So join me in supporting you and every single hornet feel the security, support, and liberty to believe in their paths. No matter the direction, We are here for YOU.

DIRECTOR OF GRADUATE STUDIES

PATRICK LAWSON

My name is Patrick Lawson, and I'm thrilled to announce my candidacy for the Director of Graduate Studies position. I've worked for the Sacramento Superior Courts for 15 years as a Deputy Clerk and was in the U.S. Air Force Reserves for 16 years. Whether in a hostile environment deployed overseas or in a professional atmosphere in a courtroom, I've developed the necessary skills to get the job done. I bring my experience of 6 years as a Governing Board member of the 005 Office Technical Unit representing the Sacramento Superior Courts and 2 years as a Board of Director for UPE1 Union representing numerous Superior Courts in Northern California.

I want the students to know who I am, what I represent, and what I will fight for. I value student input and take representing their needs and concerns seriously. I want to ensure your voice is heard and transparency is given to every student. I would like to provide students with information on programs that will be cut, suspended, combined, or face danger in the future. If elected, I will not fight for what I want, but more importantly, what you want. As Director of Graduate Studies, I will work with each college in the graduate programs to fight for their own grad lounge where they can relax, study, or develop connections with other cohorts. I will also fight for funds or a grant to reduce or alleviate the need to pay for a parking permit.

As a student whose grandparents immigrated from Portugal and Spain, I know the obstacles facing a diverse student population on campus. If elected, I want to ensure everyone is given the opportunity to succeed. I have the experience, skills, vision, and perseverance to work with everyone to help reshape the future at Sacramento State.

Ruthvika Bojjala

“Make Grads Heard”

Hello, my name is Ruthvika Bojjala, and I am running for ASI Director of Graduate Studies because I believe graduate students deserve stronger representation, better career opportunities, and enhanced support throughout their academic journey.

As a graduate student, TA, and researcher, I have firsthand experience with the challenges we face while balancing coursework, research, and professional development while preparing for our future careers. Too often, graduate students struggle to find the right career guidance and networking opportunities. If elected, I will work to bridge this gap by advocating for more career development programs, industry partnerships, and professional workshops tailored specifically for graduate students.

Beyond career opportunities, I am committed to ensuring that graduate student voices are heard in key university decisions. I will work to strengthen communication between students and university leadership so that our concerns lead to real, positive change. Additionally, I want to improve campus resources by advocating for better study spaces, mental health support, and stronger peer networks that foster collaboration and community.

Graduate students play a vital role in research, teaching, and the university’s success, yet we often feel overlooked. My goal is to change that by ensuring we have the support, resources, and opportunities we need to thrive.

On April 16 and 17, I ask for your vote. Together, we can create a more connected, supportive, and opportunity-driven graduate student experience.

Vote Ruthvika Bojjala for ASI Director of Graduate Studies!

HUSSAIN

I stand with the downtrodden, the oppressed, the defeated, the weary student. And I can boldly say in front of all 31,000 -odd people that your miseries are my miseries... and my voice. Hi Fellow Hornets! My name is Hussain and I am running for Director of Graduate Studies. I am a MS In Computer Science student at CSUS. As a grad student, I deeply understand the sacrifices we all make in the name of higher education. Every step of this journey, from challenging class registrations, securing project guide to seeking institutional support, has been a path I've trod myself. I've experienced firsthand the highs and lows of this demanding yet rewarding pursuit. Last year I have advocated & fought for better policies for our grad students, like increasing availability of classes offered, lowering tuition fees, reducing eligibility barriers for scholarships & admissions, fairer grade appeals, free speech, inclusion, preventing grad program suspensions and policies for removing the hurdles for early graduation. I want everyone to have a seat at the table, a voice in the chaos. I have fought—for the sleepless student, for the student balancing rent & research, for the dreamer who believes in education—because I am one of those many. And as long as I have life in my body, I will fight again. I believe we have a common goal, better conditions for students. I will work to ensure that student voices are heard & that our concerns are represented at all levels of the university. This is about us, what we can do together to set policies in a way that serves students better. I ask for your trust and support to negotiate, fight and work on your behalf. So, I ask you today, to stand with me, to work with me, and to fight alongside me. Together, we won't just ask for change—we'll fight for it. And we will win.

No one left behind!

***DIRECTOR OF BLACK HONORS COLLEGE
(2 CANDIDATES)***

AMYA TERRY

Hi, I'm Amya Terry, a third-year social work major from Cohort 2, focused on criminal justice reform and dismantling systemic racism. I love the resources Black Honors College (BHC) provides, but with today's political climate, I'm running for Director to ensure our space is defended and sustained.

BHC is a space for Black students to be supported, connected, and empowered—but it can feel intimidating. Not everyone has top grades or fully understands BHC beyond the honors label. To me, it's about expanding opportunities often denied to our communities. We need to be intentional about reaching every Black student—because Black unity wins.

Beyond academics, I organize and fight for change. As a student organizer for the CSU Undergraduate Student Assistant Union, I've spent months building power with students who work on campus—meeting new student assistants, pushing for better pay and working conditions, organizing protests against tuition and fee increases, supporting the Palestinian movement, and helping at-risk youth to overcome cycles of systemic inequality.

I want to bring that same energy to BHC because we need a leader who's real, driven, and ready to fight for us. Let's build a stronger BHC together.

CHIBUIKE MICHAEL EZEH

Hello, My name is Chibuike Michael Ezeh, and I am running for the position of Director of the Black Honors College. Despite being a member of the first inaugural cohort of the Black Honors College, I have also been working closely together with the staff as one of two student assistants for the Black Honors College for quite some time now.

Having been in various leadership roles in the past, I can say that I have gained valuable leadership experience under my belt. Each day, I try my best to form real connections and bonds not just with my fellow cohort members, but each and every person attending Sacramento State University. Being able to speak up and speak my mind is definitely something I take full pride in whilst also acknowledging the people who don't necessarily feel comfortable in putting themselves out there.

My utmost priority is to see this collegiate program through. I not only want to complete all four years of my college terms with the Black Honors College, but I want to ensure that my fellow cohort members are able to meet their respective goals as well. I strive for this program to be a long lasting one and for the naked eye to view us as legit rather than new to the system. One of my many goals is to ensure that this program is provided with all it's necessities through the ASI, as I plan on working hand in hand with them by being a direct means of communication for the members of this cohort.

On April 16 and 17, I ask for your support. I believe my experience, dedication, and vision make me the most qualified candidate for this role. Thank you, and I hope to earn your vote!

Sincerely,

Chibuike Michael Ezeh.
