Introduction

Hello Hornets!

My name is Damien Sar, and I am the newly appointed ASI Director of Education for the academic year of 2025-2026. I am a second-year graduate student with a concentration in Educational Leadership and Policy Studies, Workforce Development Leadership. While I am in this position, my biggest goal is to make sure that all our students are prepared in the corporate space through professional development and career readiness. I am committed to supporting you all. If you have any concerns or ideas for improvement, please feel free to contact me!

Committee Updates

I am currently working on getting the Join Education Council (JEC) together. We already have a group of EDD students who are eager to help while also having strong communication with the Dean Dr. Shaw. First Greek Life Committee meeting was a meeting full of introductions and touching base on how we can support all our Greek councils at Sacramento State.

Strategic Priority Updates

Our Strategic Priorities were approved at the previous ASI Formal Board Meeting. We were very excited to have finalized the document which we have been working on since July. I look forward to working on these priorities throughout the academic year. The following are the priorities I had decided to participate in:

- 1.0 Innovation and Career Readiness – Coordinator (Meeting with BYLP)
- 2.0 Campus Safety – Communicator
- 3.0 JEDI – Communicator

4.0 Financial Affordability – Financial Affordability and Literacy

Events/ Calendar
