A Special Note to Our Hornets

Hello fellow Hornets!

I hope you all are doing well and taking care of yourselves as we settle into Week 11 of the Spring semester. I would like to urge students to utilize Sac State's Student Health & Counseling Service at (916) 278-6461. We are enduring a heartbreaking time with racism, discrimination, and hate being targeted against specific and marginalized groups. This further highlights the work that needs to be done for us to move towards creating a welcoming, safe, and accepting society. So, I urge students to please reach out if you need any support or help in any way during these challenging times.

There is still ongoing collaboration with faculty and staff in the College of Education, as we are attempting to create our very own CoE Newsletter for students to stay up to date on events, projects, and information pertaining to our various new departments. We continue to meet so that students can have the necessary resources to stay up to date in recent changes and resources that our campus has to offer.

I also want to encourage you to attend our board meetings so you are able to catch our progress on our strategic priorities as well as voicing any concerns, questions, or comments you may have. All of our board meeting dates and times can be found [here](#).

I look forward to serving all of you and providing support during these hectic times.

Danielle Cochrane

Internal Committee Updates
