A Special Note to Our Hornets

Hello fellow Hornets!

As my term is coming to an end, I first wanted to stress how much of an honor it was to serve as an ASI College Director and the student representative for the College of Education. I also want to highlight that my work does not end here; I will always be interested in supporting others. I am always a resource to use if anyone needs support or help with anything.

As we gain more information from our campus in regards to vaccinations, instruction modalities (which can be found here [Fall 2021 Instruction Modes/Modalities](#)), and more, I highly encourage you to reach out if you have any questions or concerns. I also want to note that if you are struggling, please utilize Sacramento State's Student Health & Counseling Services. For more information, please visit <https://www.csus.edu/student-life/health-counseling/> or call (916) 278-6461. They are a great resource for promoting safety and well-being.

Please let me know if there is anything I can do to support you as we are nearing the end of our Spring 2021 semester.

It has been an honor to serve you all,

Danielle Cochrane
