**News:**

Hey everyone! I hope you are all doing well and are taking care of yourselves during this stressful part of the semester. I'd like to thank everyone who came by the College of Education's kick-off event last week! It was a success and everything went smoothly thanks to all the help I got from ASI's staff and directors, along with all the help from the people at the Multi-Cultural center and College of Education. As the semester comes to an end, I will evaluate my own performance and contributions to both, ASI and the College of Education, then, set out goals for myself to achieve next semester.

**Strategic Priority Updates:**

*1.3.1 Work with OGA team to create a simplified voter information packet on propositions and how each office they are voting on matters to college students:* Until the information for the future proposed bills are released, basic information regarding voting will be released to inform students of the steps needed to be taken in order to vote. Following the release of the future proposed bills, a summary of each item, along with information on how they will impact students, will be provided. A graphic will be put together to promote on social media.

*3.1.1 Research Feasibility of “Donate the Change” for the ASI Food Pantry:* More research is being done. We are focusing on what other campuses are doing to get idea of what can potentially be implemented at Sac State.

*4.1.3 Investigate current strategies being used by departments to support career/academic success:* A meeting with Dr. O’Hara, the Associate Dean for the College of Education, has been set up to discuss this strategic priority in detail.
