Hello Hornets,

As we approach the end of the Spring semester, I want to take a moment to reflect on everything we have accomplished together and express my sincere gratitude for the dedication and heart each of you has brought to this work throughout the year.

This semester has been one of meaningful progress. We successfully moved forward several key pieces of legislation that directly address the needs of our student body, and I am proud of the thoughtful advocacy that made that possible. From the research stages to the final votes, every step of that process reflected our shared commitment to fighting for the students we represent.

Beyond legislation, we made significant strides across our strategic priorities. What began earlier in the year as planning and groundwork has grown into real, tangible outcomes and initiatives that will leave a lasting impact on our campus community long after this term concludes. That kind of sustained momentum doesn't happen by accident. It happens because of the intentional collaboration and dedication this team has shown day in and day out.

As finals approach and the year winds down, I encourage everyone to finish strong while also giving themselves grace. This has been a full and demanding year, and the work you have done matters more than you may realize. Take time to rest, celebrate what we've built, and carry that energy forward.

It has been an honor to serve alongside each of you this year. I am grateful for this community and everything we have accomplished together.

In service, Sergio Antonio Maciel Montoya

*Decrease of 20 application number for the fall semester will be doubling down on marketing efforts to increase the number. Clubs DOC results for the week of 4/27/2026 through 5/1/2026. We have funded a total of 206 clubs. The remaining DOC budget is \$35,200. equal to 107 clubs available. SOL has been talking about Marketing and getting more clubs involved in turning in a CAF form.*
