News:

Welcome back Hornets! Hopefully everyone's semesters are off to a great start and everyone is settled into our fall 2019 semester. Since being sworn in on the last day of May, I have been active and at work ensuring that our committees are staffed, and that we continue to get ASI marketed to all our amazing new students entering Sacramento State this year. Over the summer, I participated in as many New Student Orientations as I could, introducing ASI to our incoming Hornets and giving them information about committees. Since then, I have been hard at work making sure that each of our Board Members meets the two University Committee requirement defined in our Operating Rules. Along with this, my summer and early semester work was set on finding designees for committees that our President is invited to sit on but is unable to do due to his schedule and the massive amount of committee requests that he receives.

Back in Mid-August, our ASI Board of Directors along with all our advisors (Excluding our RHA rep since they were unable to attend) attended a weekend long retreat to learn about our responsibilities, obligations and most importantly, build our strategic priorities for the coming year. At this retreat we laid the foundation for the strategic priorities we are passing here today at this formal board meeting. I personally advocated for increased advocacy work building on our successes from last year, and support for identifying students that currently are not being heard on campus and giving them a voice.

Since the semester has started, I have been attending as many events as I can on campus and interacting with students out in the quad while they are looking for ways to get involved with all the club booths across campus. In the coming weeks I plan to present to my classes about getting involved with ASI, so hopefully I can continue to work that I did over the summer to build ASI's name and increase the number of students that participate in our programs. Additionally, since the semester has started I have begun meeting with students, and regularly am meeting with our students interested in committees to discuss what committees would be the best fit for them. Hopefully everyone is having a great start to the Fall Semester, and I look forward to the work our Board of Directors is going to accomplish this year!

Committee Updates:

Alumni Association Board of Directors: First meeting of the Academic Year was held on August 19th, membership structures, engagement with students, and the finances of the Association were discussed. Additionally, I have a place on the agenda for an ASI update at each meeting which I used this meeting to update the board on the ASI Board Retreat we had gone on, along with the progress we have made on our strategic priorities.

Union Well Inc. Board of Directors: Was Appointed on September 3rd by President Nelson, currently working to find when the first meeting I will be attending is.

Sexual Assault Prevention Student Advisory Committee: Dates have been set for the committee, meeting on every other Tuesday from 4 to 5 pm starting October 1st.

Student Wellness and Safety Committee: Dates have been set for the committee, meeting on every other Tuesday from 2 to 3 pm starting September 24th.

Lobby Corps: Appointed July 30th, 2019

Strategic Priority Updates:

During our annual Board Retreat from August 9th to the 11th, our Board of Directors worked to formulate our strategic priority for the year. Following the retreat we worked to fill the holes that we had not yet addressed at the retreat. At our working board meeting on the 4th of September, we worked to get our priorities to a finalized place so that they could be voted on and passed at our first formal board meeting on the 11th of September.

Events/Calendar:

May

31st Sworn into Office

June

11th Met with VP of University Advancement Candidate

17th Transfer Orientation Tabling

19th Transfer Orientation Tabling
