A Special Note to Our Hornets

Hi Hornets!

Welcome to the new semester. Whether this is your first fall at Sac State or your last, I hope you know how much you belong here.

College asks a lot of us. There are early mornings and late nights, shifts at work, deadlines that pile up, and moments when it feels like everyone else has it figured out. They don't. Every one of us is learning as we go, and that's exactly the point. The struggle isn't a sign you're falling behind; it's proof that you're growing.

So be patient with yourself. Ask for help when you need it and offer it when you can. Show up for the people around you, because the friendships you build here will outlast any exam. And don't forget to look up from the to-do list once in a while. These years are meant to be lived, not just survived.

Your ASI Board is here for you. Our doors are open, and your voice matters in every decision we make. Come say hi, share an idea, or just tell us how you're doing.

Raj Lalith Challa
ASI Director of Engineering and Computer Science

We're proud of you. Keep going.

STINGERS UP!

Best,

Raj Lalith Challa

Internal Committee Updates

ASI International Committee
09/21/2026 - Special Meeting

Strategic Priorities Update

No updates yet

Office Hours

- Working on Strategic priorities
- Responding to emails
- Reaching out to students for internal committees
