News:

Hello CSUS! I hope everyone has received the resources needed for online instruction and hope you all have adjusted to online courses accordingly. In the month of April, I worked with ECS career center on how they can support their students and its great to see an Online Career Fair take place. Additionally, I've been working on Census efforts and spreading news of it on popular ECS forum sites such as discord and reddit. I've also used this sites to gather feedback for various topics such as grading choice options, virtual celebration, and 2020 graduation. However, one of the biggest hits to student life is clubs, many competitions have been canceled, and thus the last mission for ECS clubs currently is to properly elect officers for the next semester. With finals coming in early May, let's end this semester as best as we can.

Committee Updates:

Associate Dean Search Committee: Completed all tasks by 03/10

Procedural Appeals Committee: Tasks is scheduled on 4/9 and 4/23

ASI Memorial Scholarship Committee: Completed review of applicants

ASI Scholarship Committee: Completed review of applicants on 4/3

Noah Venethongkham
Director of Engineering and Computer Science
