A Special Note to Our Hornets

Hello Hornets,

I am incredibly excited to begin this academic year serving as your Vice President of University Affairs. My goal is to make sure student voices are heard, represented, and included in the conversations and decisions happening across our campus.

As we begin a new semester, I encourage every Hornet to get involved, share your experiences, and never hesitate to reach out to ASI. Whether you have a concern, an idea for improving our campus, or simply want to learn how you can get involved, I am here to listen and support you. I look forward to working alongside all of you and making this a meaningful and successful year for our Hornet community.

Stingers Up!

During the meeting, committee members were introduced and reviewed the committee's purpose, responsibilities, and goals for the year. Members also participated in a roundtable discussion to share their interests and perspectives related to student wellness, safety, and sexual assault awareness. The committee will continue working to identify student concerns, increase awareness of campus resources, and bring student perspectives into conversations surrounding wellness and safety at Sacramento State.
