

**To:** ASI Board of Directors

**From:** Noah Marty

Vice President of University Affairs

**Subject:** April Board Report

### **General Information**

**Office Hours:** Tuesday and Thursday, 8:15am – 10:15am via Zoom

### **News:**

Good Afternoon Hornets! Hope all our students are doing healthy and well and getting through the semester as best as possible. Since my last report, a lot has happened both here at Sacramento State, but also globally, so I want to assure our students that ASI, and myself, have not lost track of our mission to represent students. This last month I have been hard at work ensuring that we are completing the strategic priorities we set out to accomplish at the onset of our terms, but also adapting our efforts to represent students through this unprecedented COVID-19 Crisis. After having sometime to adapt to my role at CSSA as the primary voting member, I have been engaging in discussions and supporting efforts being made through CSSA to assist students during these trying times. I have transitioned my office hours to entirely virtual, and highly encourage any students with concerns or questions to please join and discuss, since going virtual the amount of students I meet with in my office hours has decreased, so please don't hesitate to join! My University Committee's meetings have resumed in many circumstances meeting online via Zoom, so this following week I will be delivering an ASI Report to the Alumni Association BOD and be serving on the Union Well Board of Director meeting as well.

### **Committee Update:**

Alumni Association Board of Directors: Met to discuss the state of the auxiliary on April 20<sup>th</sup>, ASI update was given to the board
