**News:**

Hey Hornets! It's officially finals season! I hope everyone is doing well and working their way through this very labor intensive time of the year. For the last month my work has primarily be centered on attempting to fill gaps in our committees, working on improving the experience of those serving on committees, and reworking our SAPSAC and Student Wellness and Safety Committee. A lot of my work this month has gone into the last one, as I want to work on improving our ability to be engaged with issues in the areas of sexual assault prevention, student wellness, basic needs, mental health and safety on campus.

Besides this, a lot of my effort has gone into filling our positions on the Elections Complaint committee and the Appellate council. These committees are critical to our election process, so having them well filled is extremely important. Though we have filled some spots, there are still a few openings, so anyone reading this that is interested make sure to reach out!
