**News:**

First and foremost I hope everyone is having a great semester. I cannot stress that we should all take care of ourselves as midterms come up throughout the semester. Our Board has voted and passed our strategic priorities on Sept. 11, 2019. I am eager to start working on these so we can maximize our outcome for our students. There was an Associated Students Inc., panel on August 20 and I want to thank the Board members that were a part of this panel. The Dreamer Resource Center asked me to partake on an “I stand with immigrants video” and I was pleased to help them out on Sept. 27. This month has been flying by so quickly and we are quickly jumping into October. So far I have done classroom presentations for students regarding ASI and what resources we offer students. I have also reached out to clubs on campus to offer our services to them. Please find the clubs I have reached out to below in the report.

I have been able to connect with more faculty through sitting on Faculty Senate and Adam has done a great job at helping me transition into the role. Having frequent meetings with our Provost Steve Perez has also helped me transition into my position. I have been trying to schedule monthly meetings with him to get him updates with what our board is currently working on. I look forward to working with our Board this year to get our priorities done in a timely manner.

**Committee Updates:**

**Student Academic Senate:**

First meeting for SAS was Sept. 27, 2019 and unfortunately I lost 2 students that sat on this committee. I have been asking the Directors for help to recruit 2 students from each college but it is hard to get them to join. This committee serves as an informational committee and gives the student perspective to faculty when they are making decisions that will affect students.
