### **A Special Note to Our Hornets**

Hello Hornets!

I want to applaud you all in making through your first stint of your academics for the Spring 2021 semester. I know many of you, such as myself, will be graduating at the end of the semester so I just want to encourage everyone to stay healthy, motivated, and diligent in your work, you're almost there! There is much to look forward to this semester besides graduation as well, such as springtime, longer days, warmer weather, success in your courses, and last but not least, ASI elections.

Being a part of the ASI board has been my quintessential experience as a hornet, allowing me to grow as a student, leader, advocate, and person. Especially during an unprecedented year like the one we have been going through, the ability to do this amazing work has been nothing short of my highest esteemed honor in my time here at Sac State. Between meeting innumerable amounts of great people on the board and throughout campus and being able to work on strategic priorities for the benefit of the student body, there is never a dull moment. I would welcome any request to chat with me or any other board member on our experience should you be curious

about the opportunity. More information can also be found online at:

In service,

Alejandro Buenrostro
