### **A Special Note to Our Hornets**

Welcome back Hornets!

I hope everyone had a wonderful summer and is excited to be back on campus! As the ASI Director of Health & Human Services, I'm honored to represent students within my college and look forward to working with everyone. I transferred to Sac State in the Fall 2021 to peruse a degree in Health Science after completing associate degrees in Social and Behavior Science, Pre-Allied Health, and Natural Science at the Santa Rosa Junior College. I am also perusing a Minor in Global Engagement and Leadership (Honors Program).

Since being elected to office in June 2022, I have gained much experience while working alongside the wonderful people that make ASI function. Additionally, I have had the opportunity to connect with students, faculty, and staff to learn about the issues they are experiencing. After identifying and engaging with campus stakeholders, I reflected and strategized ASI priorities with the ASI board during the August Board Retreat. Upon drafting ASI strategic priorities, I collaborated with the ASI board to refine these strategic priorities before approving them on 9/14 during the ASI formal board meeting.

In conclusion, I'm enthusiastic to be serving the students of Sacramento State and I look forward to addressing campus issues in an effort to create sustainable change.

### **Internal Committee Updates**

#### **ASI Green Team**

*The Green Team is off to a great start this semester. We had the first Green Team meeting on 9/19 and I'm happy to report a sizable turnout at the meeting. During the meeting, we discussed projects that the team has been working on. Additionally, we brainstormed potential goals for the scholastic year. Littering of confetti during graduation celebrations is a problem that the Green Team has been working to combat. During the meeting, we voted on a plan that would establish signs on campus, to prevent people from littering confetti.*

### **University Committee Updates**

#### **Anchor University Advisory Council**

*The Anchor University Advisory Council is also off to a wonderful start this semester. The council has conducted two meetings this semester on 8/22 & 9/12. During our first meeting, we discussed strategic priorities for the scholastic year and assigned priorities to each member. During the council's second meeting, Robin Carter (Special Assistant to the President) presented on the University's Strategic Plan and how the Anchor University initiatives are embodied in the Universities plan.*

### **Strategic Priority Updates**

Since the ASI strategic priorities were approved by the board on 9/14, I have started to work in partnership on priorities 2.1.1, 2.1.3 and 2.1.4 with other board members. I'm currently in the process of implementing these strategies in collaboration with university partners.

### **Office Hours**

*Planning ASI Events*

*Responding to students, faculty, and staff concerns*

*Working on ASI strategic priorities*

## **Meetings, Events, & Presentations**

.
