A Special Note to Our Hornets

Hello Hornets!

I am excited and eager to start serving you all as the college representative for HHS as well as the larger student body as a whole as a student government official. While I've been on a board previously, this is my first as a hornet and honored to join the ranks of you all. I ran with and orient my life in the lens of service, wanting to aid when and where I can to support those around me. With that being said, I am striving to best serve you all to the best of my ability.

While we are having an unprecedented year in so many aspects, I believe and know that hornets will rise in the face of adversity on any front. We will continue our fight to combat the public health and social justice crises we are enduring in hopes of a healthy, equitable future.

Navigating life, let alone higher education, is more challenging than ever, however, the university and ASI have and always will be there for our students. I am no exception, I hope to be used a resource in this turbulent time via office hours, emails, representation in governance, and other avenues. Do not be shy to email me or drop into my office hours, it's what I'm here for! Wishing you all a prosperous year from the bottom on my heart.

Warmest regards,

Alejandro Buenrostro
