- Pre-census data: *Will present this information to the Board and include in the State of Academic Affairs presentation and report**
- Post-census data: *Will present this information to the Board and include in the State of Academic Affairs presentation and report**
 - **Provost's note about DFW rates:** Sac State has decreased the rate of DFWs. Through targeted programming and initiatives, we have supported efforts across Academic Affairs to advance student success. A key example is the development of the Provosts' College Success Program, which enhanced our students' educational journey by offering up to \$70,000 per academic college to boost outreach, recruitment, and retention efforts. The impact of these initiatives is evident in our DFW rates, which have been reduced by 9% from the 2021-2022 to the 2023-2024 academic year. This significant improvement reflects the dedication and adaptability of our faculty in supporting student success, as well as the effectiveness of our strategic interventions.
- Graduation and retention updates
 - Graduation rates are going to reach the 38% for four years
 - Retention rates are going back to pre-COVID numbers
 - **Provost's note about retention:** The retention rate for first-time students in the Fall 2023 cohort is 82.2%, showing a 1.2% increase from the previous year. We have achieved our Graduation Initiative 2025 goal of reaching a 30% graduation rate a year ahead of schedule.

- Faculty Advancement
 - Will be meeting with Vice Provost Rebecca Cameron for the following information for the State of Academic Affairs report: current faculty retention, faculty data, and faculty hiring statistics
 - **Provost's note about faculty advancement:** Sacramento State has significantly increased faculty diversity, with underrepresented minority (URM) faculty rising from 14.4% in 2019 to 17.5% in Fall 2024. Academic Affairs has championed initiatives like the Latinx Cluster hire to boost representation among faculty to work towards proportional representation.
- Sac State Campus Highlights and Updates
 - **Sacramento State Ranked Top 10 in the Nation for Latine Education Degrees:** A report from Excelencia in Education ranks Sacramento State 10th in the nation for awarding undergraduate education degrees to Latine students. As a recognized Hispanic-Serving Institution and two-time recipient of the Seal of Excelencia, Sac State continues to deliver innovative programs and support services that empower Latine students to excel in their academic and professional careers, addressing the growing need for diverse educators.
 - **Sac State's Prehospital Education Program Celebrates 15 Years:** The Prehospital Education Program at Sac State's College of Continuing Education (CCE) marks 15 years of exceptional training for future EMTs and Paramedics. Recognized as the first and only California State University campus to offer a

Jenn Galinato

ASI Vice President of Academic Affairs

paramedic program, Sac State continues to enhance the profession, thanks to insights from working Paramedics. As we celebrate this achievement, we look forward to continuing to provide top-notch education and support for our students. For more information, please visit [CCE](#).

- **Sacramento State Doubles Grant Funding in Just Three Years:** In the academic year 2020/21, Sacramento State received \$22,673,522 in grants and contracts. Fast forward to the academic year 2023/24, and that amount has nearly doubled, reaching \$44,537,400. This significant increase in grant funding reflects our continued commitment to enhancing educational opportunities and supporting innovative projects across campus. This surge in funding has dramatically increased access for our students to engage in research alongside faculty members. Such collaborative research is a high-impact practice that significantly contributes to student success by providing hands-on experience, fostering critical thinking skills, and preparing students for future careers or graduate studies. Additionally, a substantial portion of this increased funding returns to Academic Affairs through Indirect Cost Disbursements (IDC), supporting student success initiatives and faculty development. These funds help cover administrative costs and contribute to maintaining our high-quality educational standards. We commend the Office of Research, Innovation, & Economic Development and University Enterprises, Inc. Sponsored Programs Administration for their exceptional partnership.
