A Special Note to Our Hornets

Hi hornets! I hope you all have had a great first weeks of the semester. This is my first report as Vice President for Academic Affairs 2022-2023, and I am very excited to serve the student body of Sacramento State. I'd also like to thank all of you who elected me as your VPAA and please don't ever hesitate to reach out if anyone of you need anything. Please utilize me as a resource. I know sometimes things can get hard and feel like giving up is the only option but if there's any way, I can help whether that's academically or personally, please reach out to me. My goal this year to empower students to use their voice and spread knowledge about ASI to the student body so together we can make Sac State a more united and inclusive campus.

Stay safe, stay cool and like always, Stingers up!

Best,
Nataly Andrade-Dominguez

[Nataly Andrade-Dominguez]
[Vice President of Academic Affairs]

Internal Committee Updates

My internal committee is Student Academic Senate.

S.S.A is starting September 23rd and will take place every other Friday from 12-1pm.

I recruited 10 students to serve on S.S.A and have provided Laura the students so she can appoint them. I still need at least 2 students from the college of Education, Business, Undeclared, Graduate and at least 1 more student from H.H.S, E.C.S, and N.S.M. I have asked the directors to help recruit students from their respected colleges.

University Committee Updates

All my university committees have all undergrad students needed for my committees. I need 4 graduate students for 3 committees and then all my committees will have students serving on.

Faculty Senate Executive:

I have attended two faculty senate executive meetings. The first meeting was on August 30th from 3-5pm. First meeting was short. The chair, Dr. Rechts explained how the meetings worked and what is the purpose of F.S.E. After the meeting was adjourned, I stayed and spoke with Kathy Garcia, Faculty Senate Analyst and Adam Rechts, the chair and they helped me understand more about my role in faculty senate exec. The second meeting on September 6th we discussed the consent calendar and agenda for the upcoming faculty senate meeting and some concerning questions about the heat.

Faculty Senate:

The first faculty senate meeting was on September 8th from 3-5pm. We approved the consent calendar, had introductions and held a Q&A with the Interim Provost, Carlos Nevarez and President Nelson. Questions about how to help students in need were brought up by Professor's and how the majority of their students didn't know about the resources on campus. President Nelson shared that the CARES office will be moved into the well and Food Pantry will be expanded. He shared other projects like the upgrade to the MLK center and funding for more laptops for students. Provost Nevarez answered questions about class modality.

Strategic Priority Updates

I have chosen 3 Strategic Priorities to work on.

2.2.2 "Exploring placing a permanent link on Portal (My Sac State) for basic needs"

2.2.3 "Advocating to enhancing the basic needs website"

3.3.3 "Explore Portal information for ASI Board & Program"

3.3.4 "Connections with commuters"

[Vice President of Academic Affairs]

Office Hours

During my office hours I have met with several students via zoom, call and in person to discuss committees and determine which best suit their interests. I also sent multiple emails to students about committees and whether they're still interested in serving. I helped multiple college directors with questions they had about committees and other questions regarding their responsibilities. I met with a few of my designees to discuss and prepare for faculty senate meetings. I also created flyers to post on my social media and was active on my positional account. I also scheduled all of my ASI class presentations and some extra presentations I chose to do.

Meetings, Events, & Presentations

List the events, presentations, and meetings you attended, below.

June 2022
