## Report to the ASI Board of Directors March 17, 2021

*University CFO Designee – Gina Curry*

1. ***HEERF II (CRRSAA) Emergency Grant Distribution*** - The University made the decision to provide more than the required amount of the HEERF II Federal grant to our students. Therefore, the amounts were set at as high as \$850 (enrolled in 7+ units) and as low as \$600 (enrolled in up to 6 units), resulting in over \$20 million dollars of the grant provided to our eligible students. The same criteria was used to award the undocumented and international students with University grants. We have completed the distribution of our HEERF II emergency grants and the University grants provided to our undocumented students. We have not yet distributed the grants to our international students as we are working through some complicated tax implications for those students. We will be reaching to those students this week to determine how to distribute the University grants to them in the coming weeks. Please be aware that **supplemental funding** beyond this emergency grant is available by application. Please encourage students still in need, to apply. More information on HEERF II and the supplemental application can be found on this web page: <https://www.csus.edu/student-affairs/emergency-student-information/heerf-emergency-grants.html>
2. ***On the Rise Campaign*** – As of writing this report, the big reveal and public kick-off has not yet taken place. However, this is an important and exciting step toward reaching our fundraising goal to support hundreds of programs and provide student support for our campus. I hope that you were able to attend the virtual event on Tuesday, March 16<sup>th</sup> at 11:00am. I will try to provide the big news at the meeting in my verbal report. For more information about the On the Rise Campaign, you can visit this website: <https://www.csus.edu/campaign/>
3. ***Student Fee Advisory Committee*** - The Student Fee Advisory Committee will begin the audit review and recommendation process in April. The review begins on April 9th.
4. ***President's Budget Call*** – The budget call is in full effect. The Vice Presidents & Deans will be presenting to the University Cabinet in April and are continuing to prepare the documentation for the University Budget Advisory Committee (UBAC). UBAC will begin its activities in late April.
