**A Special Note to Our Hornets**

Happy Week 6 of Spring Semester 2021! So far this semester has been jammed packed with amazing events put on by various clubs and departments within Social Science and Interdisciplinary Studies, as well as all over campus! Special shoutout to the amazing clubs in SSIS college, Diverse Women in Politics, Environmental Student Organization and Ethnic Studies Association for successfully mobilizing students together to have revolutionary discussions and finding practical ways to address issues in our community!

Black History Month has ended and it has been a great time of celebration and reflection! I want to thank the spaces on campus who continue to support marginalized communities on campus. Now we celebrate National Women's History Month to honor the women who came before us

and form part of our history. Let's do our part in making campus an inclusive and intersectional space for all students to feel heard and seen.

Cheers,

Ashley
