A Special Note to Our Hornets

Hello Hornets!

This is my first report as the 2020-21 Board of Director for ASI and I am excited to be representing the SSIS college . This year, competent leadership at every level of government is essential during a year where we witnessed systemic racism exacerbated in midst of a global pandemic, economic crises, political polarization and much uncertainty about the future. I am grateful to be in a position that gives me an opportunity to address these issues and be apart of an action-based solution to aid our communities on campus.

I am passionate about advocacy and connecting with students on a meaningful level, so please don't hesitate to reach out to me with suggestions or ideas on how ASI can better serve you, the student, and increase your voice. I am hopeful that impactful change can be made on our campus and in the communities we live in.

Our weekly board meetings are a great way to get information on policies written by board members and how it affect students. Additionally, time is provided for students to voice any

Wishing you peace and good health,

Ashley Iyabo Momoh
