News:

Hey Hornets!

I hope your semester is going well.

I would love to introduce the new Board member, Leena Abed. She is the perfect candidate for the Director of Education role. With her on board, the ASI Board 2019-20 is officially complete.

I am glad to share that a couple of students showed up during my office hours to ask questions. I encourage all the students to come to the ASI Government office to meet the Directors and ask questions or share their concerns.

This month went by planning for events. We had a great conversation during the forum of Race and Ethnicity that I conducted with Dr. James German, the Dean of Undergraduate Studies. The goal of the forum was to figure out/redefine the criteria and learning outcomes of the Race and Ethnicity courses. The focus group for this forum were the FYE Peer Mentors because they are a really diverse group on campus. They provided great responses to the questions that were asked during forum.

I had an opportunity to network with many students when I was volunteering in the Meet the Majors event that the FYE had. I appreciate the hard work that the FYE team did to bring the undeclared/expressed interest students in for a networking activity with students from different majors. I saw that they had a great turnout.

Director of Undeclared Students

This month, I also planned my kick-off, with Gabriela Bermudez, ASI Director of Arts and Letters. The event was called “Fall with ASI Directors”. The kick-off took place on October 21, 2019, from 10:00am to 12:30pm, in the library quad. We had a great turnout in that event as well.

Overall, this month was a lot of networking, and I hope that many Sac State students were able to learn something useful during these events.

Committee Updates:

Well Advisory Group

New member orientation – October 15, 8:30 – 9:15am

First meeting – October 16, 7:30 – 8:30 am

Strategic Priorities Updates:

1.6.2 Check feasibility of a carpool application for CSUS students to promote carpool while maintaining security.

Met with UTAPS. The process that TAC is planning to implement to get a CSUS carpool application does not require any involvement from IRT. The application will be built in collaboration with Waze/Google. There are no costs for the development of the application, and no costs from Waze/Google for licensing. The only costs that are involved are regarding promotions and incentives for students. We are currently gathering more data and working on the marketing plan to present to Waze/Google.

4.1.1 Promote Career/academic focused campus programs

Promoted SSA on ASI social media for their smart planner workshops

Promoted Focus 2 during the ASI Und & A&L kick-off and on Social media

Promoted Meet the majors on Instagram Story

4.2.1 Educate Board regarding SMART planner usage

Attended a SMART planner workshop

Events/Calendar:

September

16 In class Presentation

24 National Voter Registration Day tabling
