Message to the Hornet Family

Hey hornets,

Can you believe we are already in week 8? We are halfway done with the semester, yet I still feel like I am waiting for the semester to start. It feels so odd to be attending classes from home and I feel like I am just starting to get into the groove of things. September was an interesting month for ASI, we finalized our strategic priorities, and I am excited to see how everything will come together. With our strategic priorities finalized we can finally start working on making the ideas we came up with into reality.

While I miss seeing the faces of everyone on campus and long for this pandemic to end, I know that together we are stronger than this pandemic. We might be physically distant, but it is my hope that through our strategic priorities this year we can bring our hornet family closer together. We are halfway done with the semester and the interesting half of the semester is still yet to come.

Best wishes, and everyone stay healthy out there,

Robert Moon
