-Jose shared that he has contacted multiple people as potential guest speakers for our May 6th meeting to discuss student housing in Sacramento.

b. Committee Issue Areas (Members will choose one of the following breakout rooms.

1. Underserved Students 2. Basic Needs Insecurities 3. Engagement)

-The committee did not go into break out rooms due to attendance, instead we discussed how each issue and the progress on them. The committee took a specific interest in housing, so that became our primary issue.

c. Reflection and Feedback on City Ambassadors 2020-2021

-The committee discussed the 2020-2021 term of City Ambassadors. We reflected on how the committee was run during a virtual time period and the difficulty of getting things done. We felt it was important we were all meeting to discuss issues we care about to keep the conversation going during these times. Additionally, we felt it is important that next year's committee

continues the discussion of housing and seeks to continue the other issue areas or creates new ones.
