Systemwide Affairs Committee

The Systemwide Affairs Committee was called to order. Following with reports from the Interim Assistant Director of Systemwide Affairs, Genesis Jara & Melvin Ridley III, Vice Chair who sat in as Chair due to the absence of Chair Pompa, Vice President of Systemwide Affairs. The new business on the agenda was an information item which was a presentation from the Founder of Campus Mind, Stephen Burke who presented information about what Campus Mind is and any questions. After the Campus Mind presentation, there was a discussion item from Deputy Vice Chancellor Dilcie Perez about the Second Start and Finish Strong Program. Committee was adjourned following.

Campus Mind Presentation:

From their website, Campus Mind is a comprehensive outreach program advancing the culture of care at U.S. colleges and universities. They envision campus communities joining forces to reach students faster, and adapt to student needs for a more well-rounded and inclusive college experience. The biggest takeaway from this presentation was the importance of student mental health in the U.S. The top five mental health challenges that students faced in 2022 were: 1) Depression, 2) Anxiety, 3) Suicidal Ideation, 4) eating disorders, and 5) Addiction. 73% of students experience some sort of mental health crisis during college and only 25% of those students actually seek help with one or more of these problems. There has been a 135% increase in depression and 110% increase in anxiety on college campuses from 2013-2021. The ratio of counselors to students for small to moderate size schools is 1:1000-2000. For larger universities, the ratio is 1:2000-3500. **The current ratio for Sacramento State's student counseling services is 1:2179 (assuming an enrollment of 30,500 students).** This upcoming Summer, Campus Mind will be accepting applications to join the Campus Mind Research Pilot Study to be able to get a head start on schools to launch Campus Mind at your schools. May is also Mental Health Awareness Month as well. For more information, contact the Founder at stephen@campusmind.org or visit campusmind.org.

Finance Committee

The Finance Committee was called to order with reports from the Assistant Director of Operations and the Chair: Brandon Martinez and Alex Jimenez Cruz. The only item on the agenda was a brief overview of the March 2024 Financial Statement from CSSA. The meeting was adjourned.

Student Trustee Committee

The Student Trustee Committee was called to order which was followed by reports from Genesis Jara, Interim Assistant Director of Systemwide Affairs and Autumn Alaniz-Wiggins, Chair. There was one discussion item which was the review of the Student Trustee Nomination Policy which also went over some possible changes or updates to the policy as well. Some of the proposed updates are regarding the accessibility of interviews, including in-person or virtual to accommodate the interviewers and interviewees. Some discussed a possible option to have a representative of each campus to be on the Student Trustee interview process however some opposed because of the intimidation it may bring to the interviewee and other concerns.

Board of Directors

The Board of Directors Meeting was called to order. The Chair requested that the action item from the consent agenda titled CSSA Resolution #2024-01 regarding a ceasefire was removed. Multiple Board members questioned the removal request and the Chair declined to comment. The action item was then removed from the consent calendar. The other items were passed. Moving on, the Liaison reports were given out from the Academic Senate representative, CSU Office of the Chancellor, and the CSU Student Trustees, Diana Aguilar Cruz and Jonathan Molina Mancio. This was then followed to the reports from our Executive Director Joe Nino,

President Dominic Quan Treseler, VP of Finance Alex Jimenez Cruz, Chair Varenya Gupta, VP of Legislative Affairs Sam Alvarez Chavarria, and last but not least, VP of Systemwide Affairs, Genesis Galilea Pompa. The only item that was on the agenda from New Business was information presented by E.D. Nino regarding the process for the 2024-25 CSSA Executive Officer Elections and its policy. The CSSA Elections were pushed back for April 28th to dedicate time for Elections to hear about the candidates. The CSSA President election is uncontested with SFSU Representative Iese Esera in the running, others are contested with at least two candidates each.

This was the end of the April CSSA Plenary Virtual meeting and the end of my notes.
