This process shall continue until there are no eligible candidates to assume the office. If there are no eligible candidates to assume office, the office shall be considered vacant and shall be filled in accordance with ASI BYLAWS. This succession rule only applies to seating of Board vacancies through the election process.

In the event that a candidate has been disqualified by an order of the Elections Complaint Committee, but that order has not become final because the time for filing an appeal has not ended, the candidate will assume the office. In the event that an officer or director is disqualified by a final order after assuming the office, such assumption shall, upon the order becoming final, immediately be considered void and the office will be assumed by the candidate with the second highest number of votes in the election. If the candidate with the second highest number of votes in the election is disqualified by a final order of either the Elections Complaint Committee, or the Appellate Council, or for any other reason, or if the candidate fails to meet any of the residency and academic requirements, or if the candidate refuses to take office, that office shall be assumed by the candidate who received the next highest number of votes in the election. This process shall continue until there are no eligible candidates to assume the office. If there are no eligible candidates to assume office, the office shall be considered vacant and shall be filled in accordance with ASI BYLAWS. Students who are appointed to office must have been able to meet all eligibility requirements that a student elected to the office in the past election would have been required to meet at the time of the election. This succession rule only applies to seating of Board vacancies through the election process.

If the Elections Complaint Committee or Appellate Council has rendered any final decision with respect to the Annual General Election, all actions of the ASI President must be in full compliance with all such decisions.

The ASI Oath of Office

The ASI President shall administer the Oath of Office. If the incumbent ASI President is also the incoming ASI President, the ASI Oath of Office shall be administered by the next ranking ASI Board officer who was not a candidate in that election. If all incumbent

ASI Board Officers were candidates, then the newly elected ASI Board members shall be seated by a non-officer incumbent ASI Board member to be determined by alphabetical order of last names. If all ASI Board members were candidates, then the newly elected ASI Board members shall be seated by the ASI Executive Director.

3. Public Hearings

All Committee or Council proceedings, except deliberations, preliminary planning sessions at which no action on complaints can be taken, and determination of jurisdiction shall be open to the public.

4. Record Hearing

At the beginning of the hearing, the Committee/Council Chair shall identify the Committee/Council members, including any abstentions, the complaints/appeals that will be heard at the time, the remedy sought in those complaints/appeals, and then briefly describe the hearing procedures and decision-making process.

The Committee/Council shall make a tape recording of oral statements made and questions asked at the hearing. Either a regular staff employee of ASI of Sacramento State or a non-candidate student volunteer or student assistant may operate the tape recording equipment, but the Vice President for Student Affairs or designee shall maintain custody of the tape recording during and after the hearing. The records shall be kept for a period of at least one (1) year. During the course of the hearing, the Chair of the Committee/Council shall require speakers to identify themselves and to briefly state their connection to or interest in the complaint/appeal.

Documents submitted in support of or opposition to a complaint/appeal shall be part of the hearing record.

B. Presentation of Evidence

When submitting the formal complaint/appeal, only one copy of each document should be submitted. When submitting documents during the hearing, five copies of each document should be submitted.

The formal hearing(s) shall be conducted in accordance with the following procedures:

The Chair will preside over the hearings, but must allow the members their right to question and raise points in the meeting.

The complaining/appealing party shall verbally present his/her arguments and then the defendant will do the same.

Following presentations of arguments, the Committee/Council will hear the complaining/appealing party's case. Then the defendant will present his/her case.

Following presentations of each party's case, evidence and testimony, and rebuttals will be in order, alternating complaining/appealing party to defendant.

After all rebuttals have been heard, closing arguments will be in order. The complaining/appealing party will close first, followed by the defendant.

C. Remedies/ Burden of Proof

Elections Complaint Committee:

After a complaint hearing, the Committee shall have the authority to order any remedy it determines is appropriate within the limitations set forth in the Elections Code.

If the Elections Code specifies a remedy for a specific violation, the Committee shall only have authority to determine whether a violation has occurred and must impose the remedy stated in the ASI Elections Code.

No decision of the Committee shall take effect or shall become final until after the time in which to appeal has ended, or the Appellate Council upholds the decision.

The Committee shall not have authority to fine a student more than \$50.00. Any fines shall be donated to the ASI Scholarship Fund.

Appellate Council:

After an appeal hearing, the Council shall have the authority to order any remedy it determines is appropriate within the limitations set forth in the Elections Code or BYLAWS.

The Council can either uphold or overturn the Elections Complaint Committee decision in addition to ordering any other remedies.

Burden of Proof

The burden of proving a complaint/appeal alleging a violation of the Elections Code, ASI BYLAWS or other election irregularity shall lie with the party or parties making the complaint/appeal.

For Elections Complaints only:

The level of proof required is a preponderance of the evidence, which shall mean that the evidence shows that it was more likely than not that a violation occurred. If the Committee awards a remedy of disqualifying a candidate, invalidating an election, or fining a student, the level of proof required is clear and convincing evidence, which shall mean that the evidence leaves no substantial doubt as to the veracity of the claim.

D. Deliberations
