V. NEW BUSINESS

A. ASI Department Presentations

- i. Children's Center – Samantha Subuyuj, Department Director – presentation was provided to committee.

B. Update to ASI's Capital Budget 2026-2027

The updated capital budget reflects a decrease in Children's Center Playground and a substantial increase in Fire Panel. The Children Center Director explained that the increase is due to receiving an updated quote from project management.

A member asked whether the replacement was mandatory or if repairs would be sufficient. Children Center director stated that the Fire Marshal has already failed the system inspection, and the replacement is therefore required. Members expressed support for approving the additional funding in order to avoid delaying project progression and to ensure compliance with the Fire Marshal.

With ten votes in favor, the recommendation was passed with the contingency that updated cost information be provided following the upcoming meeting with the fire panel project team on Thursday. An announcement regarding this item will be made at the next Finance & Budget meeting.
